Resource Wholesale Upload Manager

Be sure when uploading the Fannie Mae file to export the Fannie Mae 3.2 file from your database. (Point, Encompass...)

Select the Document Type, Select the appropriate Pre-Document or Pre-Funding condition number if it applies. Browse for your file and click continue. Depending how large the file is and your internet connection, it may take a few moments. After you have uploaded that document you can repeat the upload process and attach as many documents as you wish. When all complete, click "end and return"
